SPRING HAS SPRUNG WITH NEW COMMUNITY GARDEN IN MENAI

The Menai Community Centre has a new addition, after 3Bridges Community opened a new community garden in its grounds.

Through the SUEZ Community Grants program, 3Bridges Community received a \$4,450 grant to enable the organisation to establish the community garden in Menai.

The garden will provide opportunities for people to interact, learn and develop support networks within the local community.

Geoff Gerard, SUEZ NSW Infrastructure Sales Manager, presented the cheque to 3Bridges Community at the opening of the Menai Community Garden and said SUEZ was thrilled to support a local organisation that both encourages community involvement and improves the quality of the local environment.

“Small community gardens are a great local project that are enjoyed by participants of all ages,” said Mr Gerard.

3Bridges CEO, Rosemary Bishop said they were delighted to receive the grant from SUEZ.

“The garden will not only provide a space to grow vegetables, services also provide opportunities for education and training and encourage improved health and wellbeing in the local area,” said Ms Bishop.

SUEZ launched the company’s community grants program in 2013 and to date has provided more than \$250,000 in funding across Australia.
